

STRONGWALL COLUMNS —

BUILDING ON TRUST AND QUALITY

BUILDING THE FUTURE, ONE POST AT A TIME.

STRENGTH YOU CAN TRUST,

QUALITY YOU DESERVE...

At Strongwall Columns, we manufacture premium laminated columns built for strength and longevity. Crafted from No. 1 Southern Yellow Pine, our columns are glued and nailed for superior durability.

Our treated wood undergoes third-party testing to confirm full CCA .60 retention, ensuring lasting performance. ***With a commitment to exceptional quality and service, Strongwall Columns is your trusted partner in building for the future.***

PRECISION-ENGINEERED FINGER JOINT

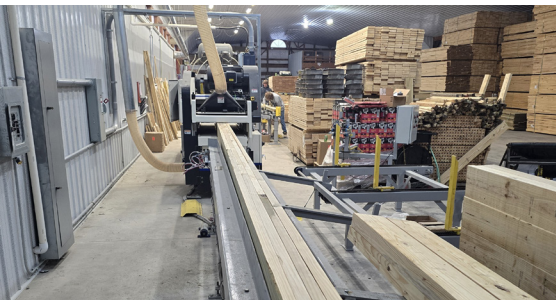

FOR SUPERIOR COLUMNS

Our precision-engineered finger joints ensure superior strength, stability, and seamless connections for long lasting, high performance columns.

***Quality and customer
satisfaction are our top priorities!***

LESS HASSLE = HIGHER PROFITS!

- **HIGH STRENGTH :**
 - 30% stronger than solid sawn 6x6
 - Glued and nailed for extra strength
- **MOISTURE RESISTENT:**
 - Enhanced treatment penetration for longer life
 - 3rd party tested for quality and performance
- **REDUCED WARPING:** Less twisting or cracking
- **COST EFFECTIVE:** No more sorting through crooked posts
- **CONSISTENT QUALITY:** Uniform-precision made columns
- **CUSTOM SIZES:** Available in 3,4 and 5 ply 2x6 and 2x8 -up to 40'
- **EASY INSTALLATION:** Lightweight and easier to handle
- **TRUSTED CHOICE:** Preferred by contractors and Engineers
- **WHOLESALE PRICING:** Bulk supply at competitive rates
- **PROMPT DELIVERY:** 3 ply columns in stock

STRONGWALL COLUMNS 50-YEAR WARRANTY

Covers **CCA-treated posts** against **termite and fungal decay for 50 years**. Limited to **repair or replacement, nontransferable**, and excludes misuse, improper installation, weathering, and incidental damages.

FOOTINGPAD®

LIGHTWEIGHT CONCRETE ALTERNATIVE

FootingPad® is a fast, easy, and weather-resistant solution for post-supported structures like pole bards, etc. In stock, IBC/IRC compliant.

WALL BRACKETS: STRONG, SECURE, RELIABLE

Designed for anchoring post frame structures to concrete foundations. They come in two types: Standard for drill-setting and Plus for wet concrete.

OUR MISSION...

To provide superior laminated columns with a focus on quality, exceptional service, and strong teamwork.

OUR VISION...

To be a premier wholesale supplier, recognized for quality, reliability, and trust.

OUR PURPOSE...

To deliver excellence in products and service while building lasting relationships on integrity.
